The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

I am a 4th generation farmer in Glenn County. All of the ground that I farm is irrigated. Needless to say, I would not be farming, or my children after me will not be farming, without adequate water.

My water resources are Bureau of Reclamation canal water, Sacramento River brought from irrigation districts, well water, and my

Own surface water run-off
recirculation ponds.

My family has been
pumping water from our
wells for many years. The
water table in these wells
fluctuate from season to
season, and year to year.

When Black Butte Reservoir
was constructed northwest of
us, we could see a dramatic
increase in the water table for
our irrigation wells.

I strongly urge you to
consider additional water
storage facilities because as
you can see, stored water
is the common thread of all
my water sources.

Leonard W. Hansen
